Accommodation

Coordenação Central de Cooperação Internacional
International Cooperation Central Coordination Office

PUC-Rio

Accommodation

PUC-Rio does not provide dorms facilities on campus but offers an enriching opportunity for students to experience the Brazilian way of life by placing them in a homestay program, in houses/apartments located in the south zone of the city, the same as the university. Some places are a walking distance from the university and others are within 30-40 minutes ride from campus by city bus.

The host families are recommended by CCCI and represent a wide range of incomes and situations, from a grandmother living alone to a family with several young children. In each house there are specific rules in terms of hygiene, safety, cooking and bringing friends over etc.

PUC-Rio serves as a liaison to facilitate the introduction between exchange students and host families interested in receiving them. PUC-Rio is not responsible for the payment of rent, student expenditures, or the student's failure to abide by the house rules previously agreed upon by both parties. However, should the need arise, PUC-Rio will support and help both parties in improving the interaction between them. PUC-Rio does not have a contract with these families, we serve as an intermediate, they are independent to do what is best for them.

Each student will sign a contract and pay the rent upfront during his/her stay. The rent includes a private room with a bed, a fan, a weekly change of sheets and towels, wi-fi, access to light and gas and a Brazilian breakfast (coffee, milk, bread, butter, jelly and fruit). Access to kitchen and laundry facilities is also included. Telephone use is to be arranged between the student and the family. Please be aware that **some** houses have only shared rooms (2 beds). In this case the rental per student will be lower than the private room.
